

Practice triad spelling on your own, preferably with a **keyboard**. (A paper keyboard is fine if you don't have a real one.) Start with a "white note" spelling, then change the quality step by step, as explained on the video.

A. Identify the triad with a correctly written chord name.

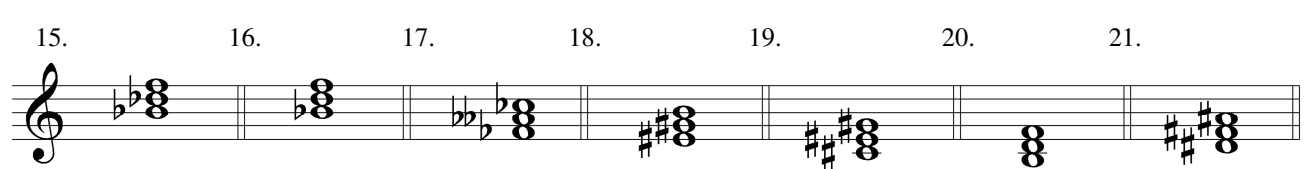

1.            2.            3.            4.            5.            6.            7.

8.            9.            10.            11.            12.            13.            14.

15.            16.            17.            18.            19.            20.            21.

B. Spell each triad. Notice that each set begins with a "white note" spelling.

Am	A	A <sup>+</sup>	Em	E	E <sup>°</sup>	Dm	D	D <sup>°</sup>
----	---	----------------	----	---	----------------	----	---	----------------

Am	A#m	A# <sup>°</sup>	Em	Ebm	Eb	Dm	D#m	D#
----	-----	-----------------	----	-----	----	----	-----	----

F	F#	Fb	G	G#	G#m	C	C#	C#m
---	----	----	---	----	-----	---	----	-----

F	Fm	F <sup>°</sup>	C	Cm	C <sup>°</sup>	G	Gb	Gbm
---	----	----------------	---	----	----------------	---	----	-----

B <sup>°</sup>	Bm	B	B <sup>°</sup>	B	B <sup>+</sup>	B <sup>°</sup>	Bb <sup>°</sup>	Bbm
----------------	----	---	----------------	---	----------------	----------------	-----------------	-----
