DID YOU KNOW?

Did you know that Belmont hosted the 2nd Annual Social Justice Data Hackathon in the Jack C. Massey Center. We had more than 60 students from both Belmont University and Fisk University working in teams to use data to solve complex, community problems.

Transportation was the topic of this year's data hackathon and the students impressed the judges with their fresh perspective.

Pictured below: Dr. David Gregory, Provost, and Dr. Bernard Turner who both acted as a judge for the event.

THOUGHT FOR THE MONTH:

As we come to another end of an Academic year, I would like to offer this prayer for us all. I pray we will find all hope, all wisdom, and all courage to finish strong. May we be mindful that our actions, our steps and our words make an impact. Guide and direct us, O God. Thank you for all you have done and all that you will do for Belmont. In the name of Jesus we pray, Amen.
